# CONSERVATORY COMPONENTS

## RIDGE CRESTING AND FINIAL

### CFP1

500mm long x  
130mm high x  
30mm base

This popular Victorian style cresting is an ideal choice for timber conservatories, a simple screw fix to the ridge is all that's required.

### CFP5

330mm high x 65mm x  
55mm

This Victorian style finial simply fits on to a locating spiggott which is secured to the ridge/dome.

### CFP2

550mm long x  
180mm high x  
30mm base

This ridge cresting is well suited to larger constructions requiring additional detail, simple screw fix to secure to the ridge is all that's required.

Standard stock colours are - White Ral 9910 semi gloss & Brown Ral 8040 semi gloss  
Non standard colours, price on application

## TYPICAL RIDGE DETAIL

All components are cast aluminium
